

NCOAE Equipment List

Oregon 8-day

Summer Adventure Camp

The National Center for Outdoor & Adventure Education (NCOAE) equipment list of required and optional gear will help you decide what to bring and what not to bring on your NCOAE adventure.

When it comes to outdoor equipment, there's no need to go all out and buy every piece of fancy gear just to cram in into your new, state of the art backpack. Remember you will be carrying everything you bring with you on your trip – PLUS some of the food and some of the group gear. Foremost in your mind should be weight, each item adds up to what will eventually be strapped to your back. So do the research, read the labels and consider what you can do without. If you don't need something, don't bring it!

You can save money too using the gear provided by NCOAE and by purchasing many items from the athletic clothing, sporting goods, and camping sections at your local discount store, such as Target or Walmart.

Athletic clothing is usually synthetic and works well for camping.

- If you have questions about gear you already own, send us an e-mail or call and we will assess its suitability for the environment where it will be used. We might suggest that you return your grandfather's heavy cotton sleeping bag to the garage and borrow or purchase a lightweight, synthetic version instead. **Any gear you bring must meet NCOAE's standards.**
- If you prefer to purchase all of your gear that's fine too, but if you're not sure you'll ever use that \$400 internal frame backpack or sleeping bag again, we may have one available to use! Of course you don't have to borrow equipment from us, but our gear is tailor-made to fit our adventure camps.
- Please do not pack cotton clothing for the hiking & paddling portions of the trip. Synthetic clothing dries quickest (i.e. polyester, nylon) and therefore is the best option while backpacking. Some natural fibers that dry quickly and are wicking are also suitable (i.e. wool, silk, bamboo).
- Remember to bring one or two sets of "in-town clothes" for your return flight / drive after the trip!
- **Do not bring electronics (i.e. cell phones, tablets, smart watches, MP3 players).** *Exception* - If flying unaccompanied to/from the trip location, please bring your cell phone with you while traveling. At check-in, all cell phones and other electronics will be collected by NCOAE staff and secured in a lock box until your group returns from the field.
- Items listed below with an asterisk (*) may be available, in limited quantities, for student use on an as needed basis.

**Comments, questions, concerns... Call NCOAE Headquarters Monday through Friday
between the hours of 8:30am – 4:30pm EST at (910) 399-8090.**

NCOAE Equipment List

Oregon 8-day Summer Adventure Camp

Packs and Bags				
EQUIPMENT	REQUIREMENT	QUANTITY	COMMENTS	CHECK LIST
Internal Frame Backpack	NCOAE provides	1	Internal frame backpack, with a volume of 75 to 85 liters is ideal (4,576-5,200 cubic inches).	☐
Waterproof Stuff Sacks / Gallon Ziplocs	Must Bring	1-4	Used to organize items in your pack. Lightweight drysacks are convenient (example: eVent Sil DrySack).	☐
Day Pack	Must Bring	1	Small backpack for use on day hikes or trips into town.	☐
Zip Duffle	Must Bring	1	Used to organize and store items while at camp. (Example: Outdoor Products 12x24 Deluxe Duffle).	☐

Bear Canisters or Bags	Soap, Hand Sanitizer & Hygiene Wipes	Solo Tarps
PFD's & Paddling Helmets	Dry Bags	Paddling Gear & Safety Equipment

NCOAE Equipment List

Oregon 8-day Summer Adventure Camp

Boot Selection Guide

NCOAE has been outfitting people with boots for many years, and our priorities have remained the same: we want you to have footwear that provides adequate protection for your feet and ankles, that is durable enough to withstand weeks of wet, rugged wear and that provides reasonable comfort. Many boots available on the market do not meet these criteria.

When considering footwear, remember that your camp may travel off trail. You may be walking through cold streams, and your feet could get wet. You could be in rain or for days. **The type of footwear that you need will depend on how heavy your pack is and how strong your ankles and feet are.**

Here are some features to look for in and hiking boots:

- A sole that provides good traction like Vibram or other lugged sole.
- Some form of nylon shank to provide foot support and protection.
- Ankle support
- Durable uppers that will withstand hiking among sharp boulders and dense vegetation.
- **Boots must be waterproof.** A Gore-Tex liner is recommended, but not required.
- A comfortable fit with your preferred hiking socks. Boots that are too small are a common cause of blisters.

The following list of acceptable footwear is not exhaustive. It is to be used as a guide to the general type of footwear acceptable for your camp. It is fine to substitute a similar boot or shoe for one of the types listed here. If you are considering a lighter boot or shoe, you will have to be committed to trimming your pack weight to below 40 lbs. which takes prior commitment to weighing each ounce of your personal gear. Expect to be carrying around 30-45 percent of your own body weight on your back. You will be carrying almost 25 pounds of group gear, so factor that in to your total pack weight.

Sturdy hiking boots:

Salomon: Ultra 4 Mid GTX, X Ultra 360 Waterproof
Garmont: Groove Mid G-Dry
La Sportiva: TX Hike GTX
Scarpa: Moraine GTX, Rush GTX
Vasque: Talus Waterproof, Breeze Waterproof
Oboz: Sawtooth Waterproof, Katabatic Waterproof
Merrell: Moab Mid Waterproof
Keen: Targee Mid Waterproof
